

Dear Member

For those who may be unaware, the SMEA has taken on a new endeavor not only on social media but on cable access in Somerville. Myself and Jude Sylvain who is a member of the union and works with me at the highway dept have taken on a show called The Somerville Labor Show. We began in June of 2018 and have aired nearly a dozen shows since that time with Jude as the technical director the show and he's has really done well. We have been able to cover a wide range of labor issues. Without Jude's support and dedication the show would never have had the success its had thus far.

I encourage you to tune into the Somerville labor show on our Facebook page as well as youtube.

Please read the email below from SCATV Erica Jones as Jude has been named member of the month at SCATV and well deserved.

Thank you Jude and I look forward to many more shows that support labor and expose those employers who treat their workers unfairly in the workplace.

Thank you

Ed Halloran SMEA president

In unity there is strength

Subject: October Member of the Month: Jude Sylvain

Greetings--

We have been happy to have a new issue-oriented show pop up on SCATV Ch.3 in recent months and it wouldn't be made possible without the dedication and commitment of one SMC member in particular.

This month we put a **Member Spotlight** on Jude Sylvain in our latest "**Inside the SMC studio,**" a monthly blog post highlighting our members and their incredible talent! Jude is one of our community partners from the [Somerville Labor Coalition](#) and a producer of "The Somerville Labor Show," a weekly TV show airing Tuesdays at 7pm and Saturdays at 6:30pm on SCATV Ch.3!

Jude is also a very talented photographer and videographer who in his spare time makes super cute videos of his adorable son, Jaxon! He is an incredible asset to the greater Somerville community and we love having Jude here as an active community member – thanks for being a part of SMC family!

[Learn all about him online here in his interview!](#)

the show Jude produces and edits with host Ed Halloran!

All the best,
Erica Jones
