

Ryan Quinn graduated Billerica Memorial High school with a solid GPA. Along with holding a part-time job, Ryan was involved with football and was captain of his team. He also played and was captain of the Lacrosse team. Ryan helped students with special needs play basketball as his volunteer service in the Basketball Buddy Program. The local food pantry was happy to have Ryan volunteer to help with the people who need this service in his community. Ryan will be attending Framingham State studying criminology with the goal of becoming a police officer to serve his community.

The Quinn family will have 3 college students come this fall. We wish them all success and the SMEA membership is delighted to be able to award Ryan and Patrick.
