

SMEA Safety Questionnaire

SMEA Safety Committee can be reached via safety@smea.us.

Please take a moment to participate and give us your feedback on your safety concerns by answering a few questions.

Dept _____

1.) What would you consider to be a hazard in your department that should be addressed?

2.) Is there any equipment that you would require that would make you safer on the job of in the office etc?

3.) Do you have any privacy concerns and if so what steps do you believe should be taken to resolve them? _____

4.) Has the city ever offered on the job safety training classes in your department and if so were they helpful? if not would you like to have the city conduct safety training for you?
