

Walter Jacobs

Somerville High Graduate 2019

Walter plans to pursue a degree in Communications at UMASS Lowell. Walter reached academic excellence in his high school years. His studies reflected his love of media and fitness. Walter enjoyed training in Tae Kwon Do, participating in Teen Empowerment, and became captain of the Broadcast Club at the high school. As a direct study student intern, Walter was able to participate in a pilot program partnership with WGBH's Nova program. Walter's media teacher describes Walter as an "incredibly talented actor, producer, and director who is an imaginative writer and artistic creator". As a thoughtful and conscientious young man, Walter is poised to achieve much in his years ahead.

We wish Walter every joy over his accomplishments these years in high school along with every success in his future endeavors.
